Good Afternoon Sirs,

This letter is to serve notice to those parties that are opposed to the Service mark filed with the USPTO by the World Baseball League LLC. We are currently filing an extended to our service mark application for the reason of retaining a new trademark lawyer. Our representation by Luke Breen was to say the least disappointing. To discover my home address on my application and to find that it was still not corrected has made me lose confidence in his , abilities.

It is truly disheartening to learn of your opposition to a world baseball league. Your actions have led us to believe USA baseball does not wish to participate in the league. We do not want to seek individual ownership. The league is intended to create economic stimulus by creating employment situations across the globe while promoting diplomatic harmony. We wish you would take a moment and consider joining our newly formed league.

Sincerely,

World baseball League LLC
